Epistemic Discipline: Abstention Precision vs False Answers
**Only Graph-RAG Achieves Perfect Precision with Zero False Answers**

Legend:
- - - Random chance (50%)
- Abstention Precision (%)
- False Answer Rate (%)

Fine-Tuning (Abstention): Abstention Precision 56.7%, False Answer Rate 24.7%
RAG (Embedding): Abstention Precision N/A, False Answer Rate 10.5%
Graph-RAG (Oracle): Abstention Precision 100.0%, False Answer Rate 0.0%

Higher Abstention Precision = Better (knows when to say "I don't know")
Lower False Answer Rate = Better (fewer hallucinations)
